WARRANTY & GUARANTEE

Don't be misled regarding your Printer's Warranty and the use of 3rd party imaging supplies.

In 1975 the Magnuson-Moss Warranty Improvement Act was created to forbid tie-ins between the use of OEM consumables and the warranty of hardware.

MAGNUSON-MOSS ACT:

"No warrantor of a consumer product may condition his written or implied warranty of such product on the consumer's using, in connection with such product, any article or service (other than article or service provided without charge under the terms of the warranty) which is identified by brand, trade, or corporate name."

The only way an OEM can require the use of their toner cartridges is if they provide the cartridge for free.

HP's own warranty states that the consumer is free to use a non-HP product, however, if the non-HP product causes a problem, the consumer will be billed time and materials for the repair. The rest of the warranty remains in effect.

OUR GUARANTEE:

- Every product has a one-year satisfaction guarantee from date of purchase.
- If you are not satisfied, we will promptly resolve the problem or refund your money.
- The products are also guaranteed not to cause damage, abnormal wear or deterioration to equipment (under normal use).
- In the unlikely event that something would happen, we will replace or refund the cost of the faulty supply item and repair, or reimburse you for charges necessary to repair your equipment.

So either way you are covered. Using 3rd party toner cartridges does not void your printer warranty, and a repair bill resulting from the use of our toner cartridge will be covered by us.

THERE IS ABSOLUTELY NO RISK!
